

Vision Expression of JMBC:

- » JMBC stands by its doctrinal position that Jesus Christ revealed in the Holy Scripture and proclaimed in the power of the Holy Spirit is the only ground for a person's reconciliation to God.
- » JMBC shall prepare men and women to serve Jesus Christ and His church in ministries marked by faith, integrity, scholarship, competence, discipline, compassion, joy and servant leadership.
- » JMBC shall not move away from the basic commitment of training disciples for Jesus Christ to serve Him among the reached and the unreached.
- » JMBC will continue to uphold the following tradition of training:
 - i) Scripture at the centre, godly living, Christlikeness in word and deed and a focus on missionary training;
 - ii) Scripture as the inerrant Word of God and final authority for all Christian faith and practice.
- » JMBC will be a premier Bible College of national stature with students, staff and faculty drawn from various geographic, linguistic and denominational backgrounds of this land; a national Bible College with a universal outlook.
- » JMBC faculty will be a group of outstanding, committed scholars and servants in the service to the Lord and His people, by integrating learning, faith and life.
- » Cross Cultural mission training would be central to the training at JMBC.

Plans in progress:

1. One-year online course for laypeople (PG Diploma in Theology)
We are planning to equip laypeople in the churches by offering an online course.

Basically designed for:

- Laypersons who are interested to learn the Bible
- People who are interested to involve in mission activities

2. Short term Tamil courses:

- There are several churches around our campus. Most of the pastors do not have theological training. We are planning to equip them by offering short term courses.
- We also aim to equip the laypersons in our local area by offering basic theological courses.

3. Plans are in progress to help the local children by giving them tuition and to involve in community development program.

Our attempt is to train the young people to be rooted in the Word of God and disciple them in godliness so that they will lead the people from darkness to light.

Rev. Dr. Prakash Abraham Mathew, Principal
